

P.E and Sports funding report for academic year 2014/2015

In April 2013 the government announced that it would be providing additional funding of £150 million per annum to improve the provision of physical education (PE) and sport in primary schools. This funding is being provided jointly by the Departments for Education, Health and Culture, Media and Sport.

The funding can only be spent on sport and PE provision in schools although each school can choose how they wish to use these additional funds. OFSTED will play a significant role in ensuring that schools target the funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the primary phase.

How will Thomas Gray use the additional sports funding?
