

EY Resource

Listen to the children, who are telling us rules they would like to have at school. Which rules do you think are good rules? Why? Do you think all these children's rules would work? Why would some rules not work?

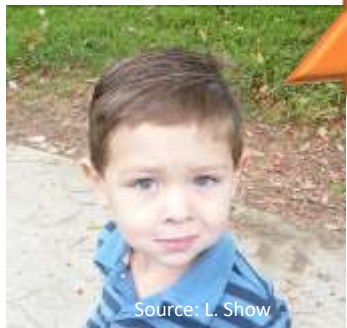

No-one should share toys at school. We can play with any of the toys for as long as we want to.

You should always run when you're in the classroom. Don't walk!

Everyone should be kind to other people and never hurt them!

Everyone should help to tidy the classroom at tidy up time!
