

Resource 2

Look at the resource below, where some children share whether they feel they are competitive or not.

Who do you think is most like yourself?
Can you order these children from most competitive to least competitive?

I am competitive. I think it is important to want to win and be the best but just because you are competitive, it doesn't mean you can't take losing. As long as I know I have given it my best shot, if someone else wins, I can congratulate and be happy for them.

Alec

I would say I am not very competitive. I do enjoy taking part in games and competitions and I always try my best, but I honestly don't mind if I win or lose. I think it is important to be able to do both well and we always learn something when taking part, regardless of the outcome.

Daniel

I am not competitive at all. If I ever win, I actually feel sorry for the people who lose. I think I would prefer to be the one losing.

Zuzanna

I am very competitive. I like to win or be the best at everything I do. If I don't win, I feel a mixture of disappointment, anger and frustration. Thankfully, I don't lose very often!

Talia
