This template specifically addresses safer practice when running formal remote learning, including live streaming, but could also apply to other online communication, such as remote parent meetings or pastoral activities. However, there is no expectation that staff should run formal live streamed sessions or provide pre-recorded videos; settings should implement the approaches that best suit the needs of their community and staff following appropriate discussions.

The AUP should be completed following a thorough evaluation of remote learning tools with approval from leadership staff. We recommend settings use existing systems and/or education focused platforms where possible, and that staff only use approved accounts and services to communicate with learners and/or parents/carers.

Additional information and guides on specific platforms can be found at:
