Science

Living things and their habitats

- Describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird
- Describe the life process of reproduction in some plants and animals.

Year 5
Summer 1

Geography

Why is the Amazon Rainforest under threat?

- Know that rainforests are found in the hot, wet climate of equatorial regions in South America, Africa, and Asia.
- Know that people are cutting down trees in the rainforest and that this is called deforestation.
- Know that when trees are cleared, the soil without the trees is poor and plants only grow well for about five years.

DT

Cooking and Nutrition

- Understand how beef gets from the farm to our plates.
- Contribute ideas as to what a 'healthy meal' means.
- Notice the nutritional differences between different products and recipes.

Homework

Your homework for this half term is to write a short story about an animal from the rainforest

25 Dojos for any received.

We can't wait to see what you do.
